

Please consider my comments in accordance with the FCC's solicitation of public comments regarding the NAB petition that seeks to stop XM from providing XM Instant Traffic & Weather.

I greatly benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I have come to demand and deserve.
